HISTORY

The New Orleans Conservatory of Music and Dramatic Art was founded in 1919 by Dr. Ernest E. Schuyten, who realized the need for a specializing school in the city of New Orleans. Dr. Schuyten was aided and supported in his undertaking by a number of leading teachers of New Orleans.

In September, 1932, the Director of the New Orleans Conservatory of Music and Dramatic Art was appointed by Loyola University to found the College of Music and became its first Dean.

ORGANIZATIONS

The emphasis is placed on opera that is good theatre.

Weekly meetings are held for the discussion of phases of Catholic life.

GUY F. BERNARD, *Chairman* ISTVAN NADAS, *Co-Chairman*

General Information—The piano department of Loyola University is designed to meet the needs of students in several areas of study. Students who qualify may elect to work toward the Bachelor of Music degree with a major in piano or piano pedagogy. Other degrees which may have an emphasis on piano are the Bachelor of Music Education and the Bachelor of Music in Music Therapy. Students enrolled in other degree programs in the College of Music are required to have a basic knowledge of the piano. In addition, the department is designed to meet the needs of students from other departments of the University who wish to take piano for cultural reasons.

Entrance Requirements—To enter the four-year degree course in Piano, Piano Pedagogy, Music Education or Music Therapy, the student should be grounded in reliable technique. He should play all major and minor scales correctly in moderately rapid tempo, also broken chords in octave position in all keys and should have acquired systematic methods of practice.

Departmental Examinations—Examinations are held at the end of each semester for all students enrolled in the piano department. Grades are dependent upon performance and the amount of prescribed material learned.

Special Examinations—Entrance examinations are given to all freshmen and transfer students enrolling in the piano department. Students enrolled in the Bachelor of Music degree program as piano majors must pass a formal faculty jury examination toward the end of the Sophomore year. At this time the faculty will decide whether or not such students possess the capabilities to continue as piano majors.

Accompaniment—Students having majors in Piano or Piano Pedagogy, or having major emphasis in piano in the Music Education or Music Therapy programs, are required to accompany in the instrumental or vocal department for a period of at least one hour per week.

Mu 001-2 PREPARATORY PIANO—Designed for students who do not meet the entrance requirements for Mu 127, Mu 129 or Mu 131. This course may also be elected in preparation for Mu 121 or by beginning piano students from other departments of the University. *no credit*

Department of Music Therapy

Charles Braswell, *Chairman*

There is a growing recognition of music as a medium for rehabilitation of the mentally ill and the physically handicapped. This awareness has stimulated the development of Music Therapy as a profession. Music Therapy is generally considered to mean the use of music as a therapeutic instrument available to the physician whose object is to help the patient to better mental and physical health.

Through its emotional appeal, Music Therapy can influence moods and attitudes of the mentally ill and the physically handicapped. Discouragement, depression and feelings of exclusion are common factors of mental illness. These can be alleviated by satisfaction in self-expression and by the understanding of the therapist through the medium of music therapy.

Academic Courses Required for Various Degrees in Music

In order to meet the requirements of the National Association of schools of Music the following standards have been set:

(a) With Voice as a Major, a minimum of 24 and a maximum of 30 semester hours of academic and cultural courses are required, to include at least 10 semester hours in modern language and additional courses in languages, English poetry, drama, and correlated arts.

(b) With an Instrument or Composition as a Major, a minimum of 18 and a maximum of 30 semester hours are required in subjects of a general cultural value.

For the description of academic subjects, consult the Catalogue of College of Arts and Sciences.

Administrative Procedure •

Admission and Registration

Method of Admission—Graduation from an accredited high school, or an equivalent of fifteen units, is required. Of these fifteen units of high school work, three must be in English, two in mathematics, two in social sciences, one in general science and seven in elective subjects. Of these eight elective units, five must be chosen from academic subjects. The remaining three units may be in music or other free electives. Any deficiency in high school credits must be made up during the first year of the degree course.

Entrance Examination—The Musical preparation required for admission to the degree courses, whether or not expressed in terms of units accepted for High School graduation, includes a knowledge of elementary theory which should embrace notation, keys, scale construction in both Major and Minor modes and intervals.

According to the results of the examination the student would be: a) admitted b) not admitted c) on probation d) given advanced standing.

On Probation—A student may be admitted on probation for the first semester with the provision that a report be given by the teacher stating whether the student will be eligible to continue.

Upon the advice of the Dean, the student with insufficient preparation will be required to take extra curricular subjects. (preparatory)

Advanced Standing—Advanced standing in certain courses may be given only after examination and at the discretion of the Committee on Admissions. Advanced standing carries no credit unless the subject matter has been taken under instruction at the college level. Advanced standing carries no quality points. Advanced standing does not diminish the quantity or quality of work to be accomplished for a degree or a certificate. A minimum of 128 semester hours distributed over eight semesters earned at Loyola University will be required for graduation in addition to any amount of advanced standing granted to the applicant.

Classification of Students

Students in the College of Music are classified as follows:
Full Time Students—Students who are candidates for a degree and who take twelve or more semester hours per semester.

Part Time Students—Students who are candidates for a degree but who take fewer than twelve semester hours per semester.

A student is considered a Freshman until he has earned 24 semester hours of credit applicable to a degree in the Loyola College of Music; a Sophomore when he has earned 24 such semester hours; a Junior when he has earned 56; a Senior when he has earned 92.

Special Students—Students who are not working towards a degree but who are taking lessons in Applied Music or courses in the Theory of Music. Special students get no college credit for their work.

Attendance

Indiscriminate absences from theory classes or from individual lessons are not conducive to efficient work on the part of the student. Such irregular attendance impairs the progress of the class and is objectionable to the teacher. Necessary or anticipated absences should be declared to the instructor before hand. Unforeseen absences are to be explained to him very soon after the absence has occurred and be properly attested.

The faculty will enforce definite sanctions for all absences. *A system of lowering the semester grades of careless students will be applied,* the penalty levied will be commensurate with the number of

absences. A summary dismissal from a class will be enforced, if in the judgment of the instructor the student is incapable of continuing his work. Such a condition will be considered to exist when the number of a student's absences in a course equal twice the number of semester hours earned in that course plus one. However, the concurrence of the Dean is necessary for such dismissal.

Tardiness is almost as objectionable as absences. Students guilty of repeated tardiness shall be subject to the same regulations and sanctions as applied to absences.

All candidates must be present at the Commencement Exercises and receive their degrees in person. No excuse outside of serious illness attested by a reputable physician will be accepted. The University will not confer degrees *in absentia.*

Discipline

The educational system of this University includes, as one of its most important features, the formation of character. It is expected that each student will be so loyal to the spirit and ideals of his Alma Mater that the exercise of proper self-control will come from his own convictions and free determination.

The College rules and regulations are meant as a guide to help to foster that gentlemanly conduct which is presupposed in every Loyola student.

These rules require regular and punctual attendance at all scheduled exercises, obedience to college customs and regulations, serious application to study, and blameless conduct. A student who shows himself deficient in these essential points will be suspended or dismissed.

The College reserves the right to dismiss at any time a student who fails to give satisfactory evidence of earnestness of purpose and of interest primarily in the serious work of college life. Dismissal may be made without specific charges, and, in rare cases, perhaps on grounds that will seem insufficient to students and parents. The University, in these cases, holds itself to be the more capable judge of what affects the interests of the institution and the student-body.

The fees of such a student will not be returned.

Examinations and Grades

1. At the end of each half semester, examinations are given in each course.

2. Regular or special students expecting to validate their credits in Applied Music, either for immediate or future application to degree requirements or for transfer to other institutions, must take the examinations.

3. Grades are reported as follows: "A," excellent; "B," very good; "C," good; "D," merely passing; "F," failed; "FE." failure because of excessive absences; "W," withdrawal from subject course with permission; "WF," failure because of withdrawal from subject course without permission.

Official grades are expressed in letters, not numbers. The numerical values of the letters used are as follows: A—93 to 100; B—85 to 92; C—77 to 84; D—70 to 76; F—0 to 69.

In all oral and applied examinations the final grade will not be given by the teacher, but by the special committee of examinations appointed by the Dean. This grade will consist of the 40% computed in the system of grading in the University.

4. Quantity of Work—It is the responsibility of the student to advance at such a rate as to complete the appropriate degree program in four years. To do so it will be necessary for the student to carry at least 32 and, for some of the programs, more than 32 semester hours per year. On account of the scope of some of the curricula and of the fullness of some of the yearly programs, failure in one or more courses will generally mean a prolongation of the time required to complete the curriculum to four and a half or five or more years.

5. Quality of Work—A candidate for a degree must present not only the required character and quantity of work, but he must attain a certain standard of excellence in his work. This standard of excellence is measured by his marks and by the quality which they indicate. No student will be graduated unless he has earned a minimum average grade of "C" in all the courses of study which he has pursued above the level of the secondary school. In terms of quality points the student must have as many quality points in college courses as he has semester hours in which he has enrolled.

Quality points are earned in the following manner: For the grade of "A" in a subject course, the student is credited with three times as many quality points as semester hours allowed for that course; for the grade of "B," twice as many quality points as semester hours; for the grade of "C," just as many quality points as semester hours; for the grade of "D," semester hours are credited, but not quality points; for the grade of "F," no credit is given, but the number of semester hours in courses in which the student has enrolled and one quality point for each semester hour of a course in which "F" is received is subtracted from the total number of quality points earned by the student in computing the student's standing and his quality point ratio.

6. Any student who desires to take an examination from which he was absent must obtain permission of the Dean and obtain from the Registrar a blank form for presentation to the instructor in charge of the course. This blank, when signed, must be filed with the Registrar within one week from the time of examination.

7. Residence is considered to mean two semesters of study in which not less than thirty-two semester hours of credit have been earned. A summer session of six consecutive weeks in which not less than six semester hours have been earned is considered as the equivalent of one-half of one semester.

8. (a) In class subjects such as harmony, history of music, etc., and academic subjects, one semester hour of credit shall be given for one period of recitation (50 minutes) plus two hours of preparation each week for eighteen weeks, inclusive of examination. In subjects such as ear training, sight singing, dictation, ensemble, etc., where little outside preparation is required, two 50-minute recitation periods per week for eighteen weeks shall be required for one semester hour of credit.

(b) One semester hour credit shall be given for each three hours per week of practice, plus the necessary individual instruction, with a maximum of six semester hours credit per semester allowed for the major subject in applied music. It is understood that the credit is not earned unless the final examination is satisfactorily passed. Students majoring in vocal or instrumental music shall be required to take a minimum of one hour (60) minutes individual instruction per week throughout each year of residence.

(c) For a student to earn one semester hour of credit during a summer session, he must attend the same number of class sessions and make the same amount of preparation as he would by attending a one hour per week course for one semester during the regular aca-

demic year. It is usual academic practice to allow a student to earn one semester hour of credit for each week of the summer session.

9. Examinations will be conducted for students majoring in applied music at the end of the Sophomore year in order to determine if they have a reasonable chance to succeed in their chosen field of endeavor. At the end of the third year the student is required to give a junior recital. The quality of this recital will be judged by a jury who will decide whether or not the student may be ready for the senior recital the following year.

Graduation

To receive a degree in the Loyola University College of Music, a student is required:

3. To have presented at the beginning of the scholastic year in which the candidate expects to complete his work for the degree a formal written application to the Registrar for this degree.

4. To have demonstrated in public recital his ability to sing or to perform in a satisfactory manner upon his major or principal instrument.
